## EPA OBDII CONVERTERS

OBDII 5.9L Engine 6,500 lbs

- 40% Higher Precious Metal Content — Faster Light Off, More Durable, Better Conversion
- High Substrate Volume — Longer Contact Time, Better Performance
- Aristo® Intelligent Catalyst Technology® — Faster Light Off, Promotes Better Catalytic Reaction
- Proprietary Washcoat — Promotes Better Metal Activity and Durability, Improves O<sub>2</sub> Storage and Release

- **WARRANTY** — 50,000 miles for the emissions requirement, 5 years or 50,000 miles (80,000 kilometers) whichever comes first for the body and pipe nipples.

\*NOT FOR SALE OR USE ON VEHICLES LICENSED IN CALIFORNIA OR IN STATES WHERE CARB COMPLIANCE IS MANDATORY.

## 40% Higher Precious Metal Content Than Other Brands

# WE OFFER THE SOLUTION

Why offer an EPA Universal Converter with a large substrate volume, advanced washcoat and high metal content?

1. Increase in vehicles with **CALIFORNIA** emissions in states other than California
2. Keeps the air clean and the MIL light off on the hardest and dirtiest running vehicles
3. More vehicles are incurring higher mileage and heavier workloads

## EPA OBDII CONVERTERS

OBDII 5.9L Engine 6,500 lbs

- 40% Mas Contenido de Metales Nobles — Encendido Mas Rapido, Mas Rendimiento, Mejor Conversion
- Substrato de Alto Volumen — Mas Contacto, Mejor Rendimiento
- Tecnologia Catalizadora Inteligente Aristo — Encendido Mas Rapido, Promociona Mejor Reaccion
- Capa de Baño Propietaria — Promociona Mejor Actividad de Metal y Rendimiento, Mejora el Estoraje y la Descarga de Oxigeno
- Garantia de 50,000 millas en Emisiones, 5 años o 50,000 millas en el Cuerpo y Tuberias

\*NO ES DE VENTA O USO EN VEHICULOS LICENCIADO EN CALIFORNIA O EN ESTADOS DONDE LA CONFORMIDAD DE CARB ES MANDATORIO.

### 40% Mas Contenido de Metales Nobles Que Otras Marcas

# TENEMOS LA SOLUCION

**POR QUE OFRECER UN CONVERTIDOR EPA UNIVERSAL DE ALTO VOLUMEN, CAPA DE BAÑO AVANSADA Y ALTO CONTENIDO DE METAL?**

1. Aumento de vehiculos con sistemas de emisiones para **CALIFORNIA**
2. Mantiene el aire mas limpio y la luz apagada en los vehiculos mas dificiles
3. Los vehiculos hoy en dia tienen mas millaje y cargas mas pezadas
